## TESTIMONIALS OF 2 WEEK INTERNSHIP

### ARTIFICIAL INTELLIGENCE

#### JOHN MERFIN

ST. THOMAS INSTITUTE FOR SCIENCE & TECHNOLOGY  
4TH YEAR

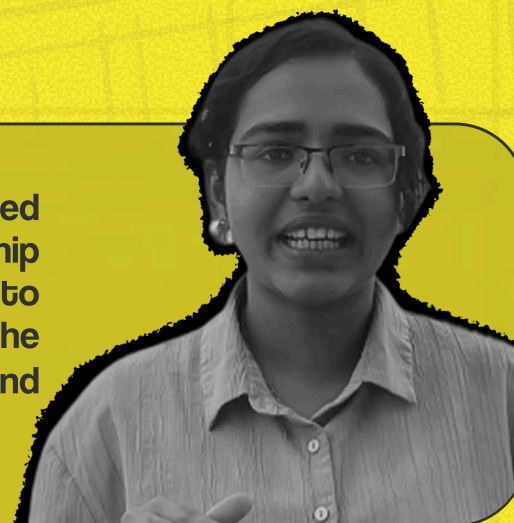

"My level of knowledge in AI was very low and I could develop it through this internship. The resume building session was also very useful and I'm looking forward to more such internships"

#### DEVIKA S VIJAY

BARTON HILL ENGINEERING COLLEGE  
4TH YEAR

"I did not have any basics in AI and wanted to learn it from scratch and this internship from Richinnovations helped me to understand AI from basics. I enjoyed the classes, especially the profile building and job hunting sessions which were helpful."

#### KHADIJA SULFI

MARIAN ENGINEERING COLLEGE  
4TH YEAR

"I came to know of the internship from my friends and joined the second batch of AI. I was interested into data and this helped me a lot to know more on the topic making it very useful for me!"

#### JOSEPH S MATHEW

MODEL ENGINEERING COLLEGE  
3RD YEAR

"I knew the basics of AI but this internship helped me a lot to understand more of machine learning, especially model building and data plotting. I would join for more such internships!"
